## **1. Policy Aim**

Our intent for this policy is for all staff to help all children:

**“Be safe, be ready, be respectful.”**

Children will **be safe** in their choices and actions, considering and reflecting on how others may be affected.

Children will **be ready** to learn, listen, and fully participate in and engage with a broad, enriching curriculum and the school's values.

Children will **be respectful** of each other, themselves, their environment, and the adults who help them.

We will do this through a **restorative approach** which enables children to grow as self-aware learners and members of our community. The approach ensures the pupils in our school are capable of regulating their own behaviour, reflecting on their actions, and taking pride in creating an environment where they are empathetic to one another's needs, and resolve differences through increased emotional literacy and a rights-respecting culture.

Everyone at St Michael's C of E Primary School has the **right** to feel welcome, secure and happy in a positive environment. Only if this is the case will all members of the school community be able to achieve their maximum potential. It is everyone's **responsibility** to promote good behaviour and this policy contains guidelines to support this ethos.

## **2. The Restorative Approach**

The restorative approach at St Michael's fosters awareness of how others have been affected by inappropriate behaviour. This is done by actively engaging the children in a process which separates the child from their behaviour, allowing participants to make amends for the harm caused. Restorative approaches acknowledge the intrinsic worth of the person and their potential contribution to the school community.

Our restorative framework will:

- improve behaviour and attitudes
- provide children and staff with explicit tools and a defined framework to challenge unacceptable behaviour, resolve conflict and repair harm
- improve relationships and establish right, accountabilities, and responsibilities to the school community;
- provide a safe, philosophical basis for staff, pupils and parents to share ideas and discuss issues

## **3. The Rights of the Child**

At St Michael's, we believe that a restorative approach fosters engagement with and knowledge of The [UN Convention on the Rights of the Child \(UNCRC\)](#). It is important that our children know their rights,

and how their actions can impact the rights of others. Staff and children are given the tools needed to employ the language of the UNCRC within the restorative framework.

## **4. Definitions**

### **Restorative Approaches**

Restorative approaches are used as part of our day-to-day practice at St Michael's to model and promote the school's approach to behaviour. This can include, but is not limited to:

- Daily check ins/ check outs – a question for the whole class to reflect on at the beginning and end of the day to develop social communication skills, build community and encourage children to think about how they can change their behaviour
- Circle time – developed through our PSHE curriculum and a chance to facilitate a restorative conversation with the whole class
- Mood boards/ Zones of Regulation – opportunities for children to develop their emotional literacy on a whole class level or as targeted one-to-one support

### **Restorative Chats**

A restorative chat is where an adult speaks to the child or children in question, asking key questions to help them unpick what led to an incident, and what could be done to make it right. The focus is not just on 'saying sorry' and assigning blame, but on ensuring all participants want to actively resolve the situation, work out if there is anything they should take responsibility for, and improve things going forward.

### **Reflection Sheets**

A reflection sheet is a tool to help children spend time working through how an incident or series of incidents happened, giving them scaffolding to understand their feelings and choices. These are done with age-appropriate guidance (and scribing where necessary) and discussed with a member of the Senior Leadership Team (SLT.)

### **CPOMS**

CPOMS is a secure digital platform where all safeguarding and behaviour concerns are confidentially recorded. It enables all staff to log incidents, and SLT to view relevant incidents in order to inform their decisions about the welfare of the children.

## **5. Rewards and Sanctions**

### **House Points and 'Star of the Week'**

At St Michael's, we use a house point system on ClassDojo to reward positive behavioural choices that go above and beyond our expectations, or for marked improvement in a child's behavior. These can also be awarded for children clearly demonstrating our school values of Koinonia, Friendship,

Forgiveness, Endurance, or Creation. Each class takes an individual approach to rewarding their 'star of the week'.

### **Restorative Sanctions**

While the focus of the restorative approach is on building relationships between all stakeholders in a school, there are times when sanctions are appropriate. These should be productive, and focused on ensuring children involved are either reflecting on their actions, or catching up on missed learning due to previous disruption. This includes:

- A positive verbal reminder of expectations linked to school code of conduct – Be Ready, Be Safe, Be Respectful
- Reflection time to consider actions and consequences by filling in a reflection sheet
- A restorative chat with the class teacher
- Referral to SLT a for restorative chat
- Meeting with the family to discuss barriers and solutions to behaviour choices following 5 CPOMs reports within the space of one half-term.
- In exceptional circumstances, a behaviour contract put in place

**The process for managing behavior and implementing sanctions can be found in Appendix 1.**

### **Consistent Use of Language**

Establishing a shared vocabulary is a key aspect of the restorative approach to behaviour. Reminders about children's behavior are framed positively, re-directing the child towards positive actions and praising improvement.

Restorative chats should follow the same set of key questions:

- What happened?
- What were you thinking/feeling at the time?
- What are thinking/feeling now?
- Is there anything you need to take responsibility for?
- How do we make this right?
- What different choices could be made next time?

St Michael's is committed to upholding the Rights-Respecting Charter and the language we use to talk to children about their behaviour reflects this.

**See Appendix 2 for examples of this vocabulary.**

### **Whole-Class, Complex or Ongoing Issues**

While all of our practice is rooted in the restorative framework, we recognise that sometimes a bespoke approach may be needed for a particular child, children, or incident. Sometimes, issues may arise which the whole class may need to discuss in order to ensure everyone is being safe, ready, and respectful.

This policy is not intended to be exhaustive; it represents the core elements from which positive

behavioural choices can be promoted school-wide. Children with special educational needs or disabilities may require an individual support plan to be put in place.

**For further information on how St Michael's defines misbehaviour and serious misbehaviour, please see Appendix 3.**

## **6. Roles and Responsibilities**

### **The Role of the Pupils**

The pupils are at the heart of all we do, and once they have had the restorative approach explained to them, and modelled for them, we expect them to engage with the process and core aims. In particular, older children will be trained as peer mentors to start managing restorative chats among themselves and for younger children in the school.

### **The role of the Parents and Carers**

Children grow best when the school and the parenting body are working in harmony to promote everyone being safe, ready, and respectful. The school will support parents and carers to achieve this by offering information on the aims and language of the restorative approach. Parents are expected to support their child in helping to create a positive school environment, discuss any behavioural concerns with the class teacher promptly, and inform the school of any circumstances that may affect their child's behaviour.

### **The role of the Staff**

It is the staffing body's responsibility to implement the behaviour policy and its language consistently, and be proactive in seeking guidance and support from SLT when it is needed. They must model positive behaviour at all times, and be aware of the needs of individual pupils. They must record all behavior incidences of the appropriate severity or frequency on CPOMS.

### **The role of Head of School and the Senior Leadership Team**

It is the responsibility of the school's SLT to be exemplars of outstanding practice for their colleagues, to provide the staff with training on managing and improving behaviour, and to support the staff in implementing this policy. SLT are responsible for reviewing reflection sheets with the children, supporting staff with implementing sanctions for more serious incidents and informing parents where necessary.

### **The role of the Governors and Executive Head**

The governors' role is to set the general standards of behavior deemed acceptable at the school, review and approve the behavior policy in conjunction with SLT, and monitor its effectiveness, and provide accountability for the staff of the school.

## **7. Responding to Behaviour**

### **7.1 Classroom management**

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the school.

They will:

- Create and maintain a stimulating environment that encourages pupils to be engaged
- Display the restorative chat questions and school behaviour aims
- Develop a positive relationship with pupils, which may include:
  - Greeting pupils in the morning/at the start of lessons
  - Establishing clear routines
  - Communicating expectations of behaviour in ways other than verbally
  - Highlighting, modelling, and promoting good behaviour
  - Concluding the day positively and starting the next day afresh
  - Following the school policy for using restorative approaches for dealing with low-level behaviours
  - Using positive reinforcement

## 7.2 Safeguarding

The school recognises that changes in behaviour may be an indicator that a pupil is in need of help or protection. We will consider whether a pupil's misbehaviour may be linked to them suffering, or being likely to suffer, significant harm.

Where this may be the case, we will follow our child protection and safeguarding policy, and consider whether pastoral support, an early help intervention or a referral to children's social care is appropriate. Please refer to our child protection and safeguarding policy for more information.

## 7.3 Physical Restraint and Exclusion

In some circumstances, staff may use reasonable force to physically restrain a pupil in order to ensure the pupil's own safety, the safety of other members of the school community, or prevent property damage. This is a last resort, and is done using the minimum amount of force for the minimum amount of time possible. Key members of staff have positive handling training.

In extreme cases of unacceptable behaviour, it may be necessary to implement (at the Head of School's discretion) a fixed-term or permanent exclusion from school.

## 7.4 Confiscation, searches, screening

Searching, screening and confiscation is conducted in line with the DfE's [latest guidance on searching, screening and confiscation](#).

### Confiscation

Any prohibited items found in a pupil's possession as a result of a search will be confiscated. These items will not be returned to the pupil. We will also confiscate any item that is harmful or detrimental to school discipline. These items will be returned to pupils after discussion with senior leaders and parents, if appropriate.

### Searching a pupil

Searches will only be carried out by a member of staff who has been authorised to do so by the Head of School, or by the Head of School themselves. Subject to the exception below, the authorised member of staff carrying out the search will be of the same sex as the pupil, and there will be another member of staff present as a witness to the search.

An authorised member of staff of a different sex to the pupil can carry out a search without another member of staff as a witness if:

- The authorised member of staff carrying out the search reasonably believes there is risk that serious harm will be caused to a person if the search is not carried out as a matter of urgency; **and**
- In the time available, it is not reasonably practicable for the search to be carried out by a member of staff who is the same sex as the pupil; **or**
- It is not reasonably practicable for the search to be carried out in the presence of another member of staff.

When an authorised member of staff conducts a search without a witness they should immediately report this to another member of staff, and ensure a written record of the search is kept.

If the authorised member of staff considers a search to be necessary, but is not required urgently, they will seek the advice of the Head of School or SLT who may have more information about the pupil. During this time the pupil will be supervised and kept away from other pupils.

A search can be carried out if the authorised member of staff has reasonable grounds for suspecting that the pupil is in possession of a prohibited item or any item identified in the school rules for which a search can be made, or if the pupil has agreed.

An appropriate location for the search will be found. Where possible, this will be away from other pupils. The search will only take place on the school premises or where the member of staff has lawful control or charge of the pupil, for example on a school trip.

Before carrying out a search the authorised member of staff will:

- Assess whether there is an urgent need for a search
- Assess whether not doing the search would put other pupils or staff at risk
- Consider whether the search would pose a safeguarding risk to the pupil
- Explain to the pupil why they are being searched
- Explain to the pupil what a search entails – e.g. “I will ask you to turn out your pockets and remove your scarf.”
- Explain how and where the search will be carried out
- Give the pupil the opportunity to ask questions
- Seek the pupil’s co-operation
- Contact the pupil’s parents

### **Searching pupils’ possessions**

Possessions means any items that the pupil has or appears to have control of, including desks and bags. A pupil’s possessions can be searched for any item if the pupil agrees to the search. If the pupil does not agree to the search, staff can still carry out a search for prohibited items identified in the school rules (see Appendix 2).

An authorised member of staff can search a pupil’s possessions when the pupil and another member of staff are present. If there is a serious risk of harm if the search is not conducted immediately, or it is not reasonably practicable to summon another member of staff, the search can be carried out by a single authorised member of staff.

### Informing the designated safeguarding lead (DSL)

The staff member who carried out the search should inform the DSL without delay:

- Of any incidents where the member of staff had reasonable grounds to suspect a pupil was in possession of a prohibited item as listed in section 3
- If they believe that a search has revealed a safeguarding risk

All searches for prohibited items (listed in section 3), including incidents where no items were found, will be recorded in the school's safeguarding system.

### Informing parents

Parents will always be informed of any search for a prohibited item (listed in section 3). A member of staff will tell the parents as soon as is reasonably practicable:

- What happened
- What was found, if anything
- What has been confiscated, if anything
- What action the school has taken, including any sanctions that have been applied to their child

### Support after a search

Irrespective of whether any items are found as the result of any search, the school will consider whether the pupil may be suffering or likely to suffer harm and whether any specific support is needed (due to the reasons for the search, the search itself, or the outcome of the search). If this is the case, staff will follow the school's safeguarding policy and speak to the designated safeguarding lead (DSL). The DSL will consider if pastoral support, an early help intervention or a referral to children's social care is appropriate.

### Strip Searches

A strip search is a search involving the removal of more than outer clothing. Strip searches on school premises can only be carried out by police officers under the Police and Criminal Evidence Act 1984 (PACE) Code A and in accordance with the Police and Criminal Evidence Act 1984 (PACE) Code C. While the decision to undertake the strip search itself and its conduct are police matters, school staff retain a duty of care to the pupil(s) involved and should **advocate** for pupil wellbeing at all times.

Before calling police into school, staff should assess and balance the risk of a potential strip search on the pupil's mental and physical wellbeing and the risk of not recovering the suspected item. Staff should consider whether introducing the potential for a strip search through police involvement is absolutely necessary, and should always ensure that other appropriate, less invasive approaches have been exhausted. Once the police are on school premises, the decision on whether to conduct a strip search lies solely with them, and the role of the school is to advocate for the safety and wellbeing of the pupil(s) involved.

Unless there is an immediate risk of harm and where reasonably possible, staff should inform a parent of the pupil suspected of concealing an item in advance of the search, even if the parent is not acting as the appropriate adult. Parents should always be informed by a staff member once a strip search has taken place. Schools should keep records of strip searches that have been conducted on school premises and monitor them for any trends that emerge.

#### 7.4 Off-site Misbehaviour

Sanctions may be applied where a pupil has misbehaved off-site when representing the school. This means misbehaviour when the pupil is:

- Taking part in any school-organised or school-related activity (e.g. school trips)
- Travelling to or from school
- Wearing school uniform
- In any other way identifiable as a pupil of our school

Sanctions may also be applied where a pupil has misbehaved off-site, at any time, whether or not the conditions above apply, if the misbehaviour:

- Could have repercussions for the orderly running of the school
- Poses a threat to another pupil
- Could adversely affect the reputation of the school

Sanctions will only be given out on school premises or elsewhere when the pupil is under the lawful control of a staff member (e.g. on a school-organised trip).

#### 7.5 Malicious Allegations

Where a pupil makes an allegation against a member of staff and that allegation is shown to have been deliberately invented or malicious, the school will consider whether to discipline the pupil in accordance with this policy.

Where a pupil makes an allegation of sexual violence or sexual harassment against another pupil and that allegation is shown to have been deliberately invented or malicious, the school will consider whether to discipline the pupil in accordance with this policy.

In all cases where an allegation is determined to be unsubstantiated, unfounded, false or malicious, the school (in collaboration with the local authority designated officer (LADO), where relevant) will consider whether the pupil who made the allegation is in need of help, or the allegation may have been a cry for help. If so, a referral to children's social care may be appropriate.

The school will also consider the pastoral needs of staff and pupils accused of misconduct. Please refer to our child protection and safeguarding policy for more information on responding to allegations of abuse against staff or other pupils.

#### 7.6 Zero-tolerance approach to sexual harassment and sexual violence

The school will ensure that all incidents of sexual harassment and/or violence are met with a suitable response, and never ignored.

Pupils are encouraged to report anything that makes them uncomfortable, no matter how 'small' they feel it might be.

The school's response will be:

- Proportionate
- Considered
- Supportive
- Decided on a case-by-case basis

The school has procedures in place to respond to any allegations or concerns regarding a child's safety or wellbeing. These include clear processes for:

- Responding to a report
- Carrying out risk assessments, where appropriate, to help determine whether to:
  - Manage the incident internally
  - Refer to early help
  - Refer to children's social care
  - Report to the police

Please refer to our child protection and safeguarding policy, appendix 5 for more information.

## **8. Child on Child Abuse and Bullying**

### **Child on Child Abuse**

This form of abuse is when there is any kind of physical, sexual, emotional or financial abuse or coercive control exercised between children both on and offline. It is essential that all staff understand the importance of challenging inappropriate behaviours between children. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys"; or not recognising that emotional bullying can sometimes be more damaging than physical harm and should be taken equally seriously, can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios, a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it. Stopping harm and ensuring immediate safety is our first priority.

### **Bullying**

Bullying is defined as the repetitive, intentional harming of a person or group by another person or group, where the relationship involves an imbalance of power.

Bullying is, therefore:

- Deliberately hurtful
- Repeated, often over a period of time
- Difficult to defend against

Bullying can include:

TYPE OF BULLYING	DEFINITION
Emotional	Being unfriendly, excluding, tormenting
Physical	Hitting, kicking, pushing, taking another's belongings, any use of violence

TYPE OF BULLYING	DEFINITION
Prejudice-based and discriminatory, including: <ul style="list-style-type: none"><li>• Racial</li><li>• Faith-based</li><li>• Gendered (sexist)</li><li>• Homophobic/biphobic</li><li>• Transphobic</li><li>• Disability-based</li></ul>	Taunts, gestures, graffiti or physical abuse focused on a particular characteristic (e.g. gender, race, sexuality)
Sexual	Explicit sexual remarks, display of sexual material, sexual gestures, unwanted physical attention, comments about sexual reputation or performance, or inappropriate touching
Direct or indirect verbal	Name-calling, sarcasm, spreading rumours, teasing
Cyber-bullying	Bullying that takes place online, such as through social networking sites, messaging apps or gaming sites

### **Bullying Prevention**

Preventing and raising awareness of bullying is essential in keeping incidents in our school to a minimum. Through assemblies, as well as PSHE lessons, pupils are given regular opportunities to discuss what bullying is, as well as incidents we would not describe as bullying, such as two friends falling out, or a one-off argument. An annual 'Anti-bullying Week' is held to further raise awareness. E-safety is an important part of the curriculum and taught throughout the year. Information for parents is included in newsletters and on the school's website. Online safety workshops are held to raise parents' awareness of cyber-bullying. Pupils are taught to tell an adult in school if they are concerned that someone is being bullied.

### **Responding to Bullying**

All cases of alleged bullying should be reported to the Head of School or SLT via CPOMs. In any case of alleged bullying, either the class teacher, the Head of School, or a member of SLT should first establish the facts, and build an accurate picture of events over time, through speaking to the alleged perpetrator(s), victim(s) and adult witnesses, as well as parents and pupil witnesses if necessary and appropriate. The member of staff will establish a timeline of events as part of this process.

If the allegation of bullying is upheld, the Head of School or member of SLT will seek to use a restorative approach with the perpetrator(s) and victim(s) together. The perpetrator(s) should fully understand the consequences of their actions on the victim(s), take responsibility and work towards a solution to start to repair the harm caused to the victim(s). Both parties should be clear that a repeat of these behaviours are not acceptable. All actions taken are recorded on CPOMs. Parents of both parties should be informed.

If the situation does not improve, the Headteacher (or senior leader) should meet with the parent(s) of the bullying child(ren) and agree clear expectations and boundaries which would be shared with the pupils involved. Any further incidents should lead to intervention (e.g. through outside agencies),

further monitoring, support and punitive sanctions as deemed necessary. Any necessary action should be taken until the bullying has stopped.

### **Signs of Bullying**

Staff should be vigilant in looking out for signs of bullying or other child protection issues including:

Physical: unexplained bruises, scratches, cuts, missing belongings, damaged clothes, or schoolwork, loss of appetite, stomach aches, headaches, bedwetting.

Emotional: losing interest in school, being withdrawn or secretive, unusual shows of temper, refusal to say why unhappy, high level of anxiety, mood swings, tearfulness for no reason, lack of confidence, headaches and stomach aches, signs of depression.

Behavioural: asking to be taken to school, coming home for lunch, taking longer to get home, asking for more money, using different routes to school, 'losing' more items than usual, sudden changes in behaviour and mood, concentration difficulties, truancy

All concerns will be recorded on CPOMs. For more detail around signs of all forms of abuse, please refer to our child protection and safeguarding policy.

## **9. Pupil support**

The school recognises its legal duty under the Equality Act 2010 to prevent pupils with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the pupil. The school's special educational needs co-ordinator will evaluate a pupil who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met. Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs. When acute needs are identified in a pupil, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.

## **10. Pupil transition**

To ensure a smooth transition to the next year, pupils have transition sessions with their new teacher(s). In addition, staff members hold transition meetings. To ensure behaviour is continually monitored and the right support is in place, information related to pupil behaviour issues may be transferred to relevant staff at the start of the term or year.

## **11. Training**

Our staff are provided with training on managing behaviour, including proper use of restraint, as part of their induction process. Use of Restorative Justice and Restorative Approaches will also form part of continuing professional development.

## **12. Linked Policies**

- Safeguarding and Child Protection Policy
- SRE Curriculum Policy
- SEND Policy

### **13. Legislation and Statutory Requirements**

This policy is based on legislation and advice from the Department for Education (DfE) on:

- [Behaviour and discipline in schools: advice for headteachers and school staff, 2016](#)
- [Behaviour in schools: advice for headteachers and school staff 2022](#)
- [Searching, screening and confiscation at school 2018](#)
- [Searching, screening and confiscation: advice for schools 2022](#)
- [The Equality Act 2010](#)
- [Keeping Children Safe in Education](#)
- [Exclusion from maintained schools, academies and pupil referral units in England 2017](#)
- [Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement - 2022](#)
- [Use of reasonable force in schools](#)
- [Supporting pupils with medical conditions at school](#)

It is also based on the [Special Educational Needs and Disability \(SEND\) Code of Practice](#).

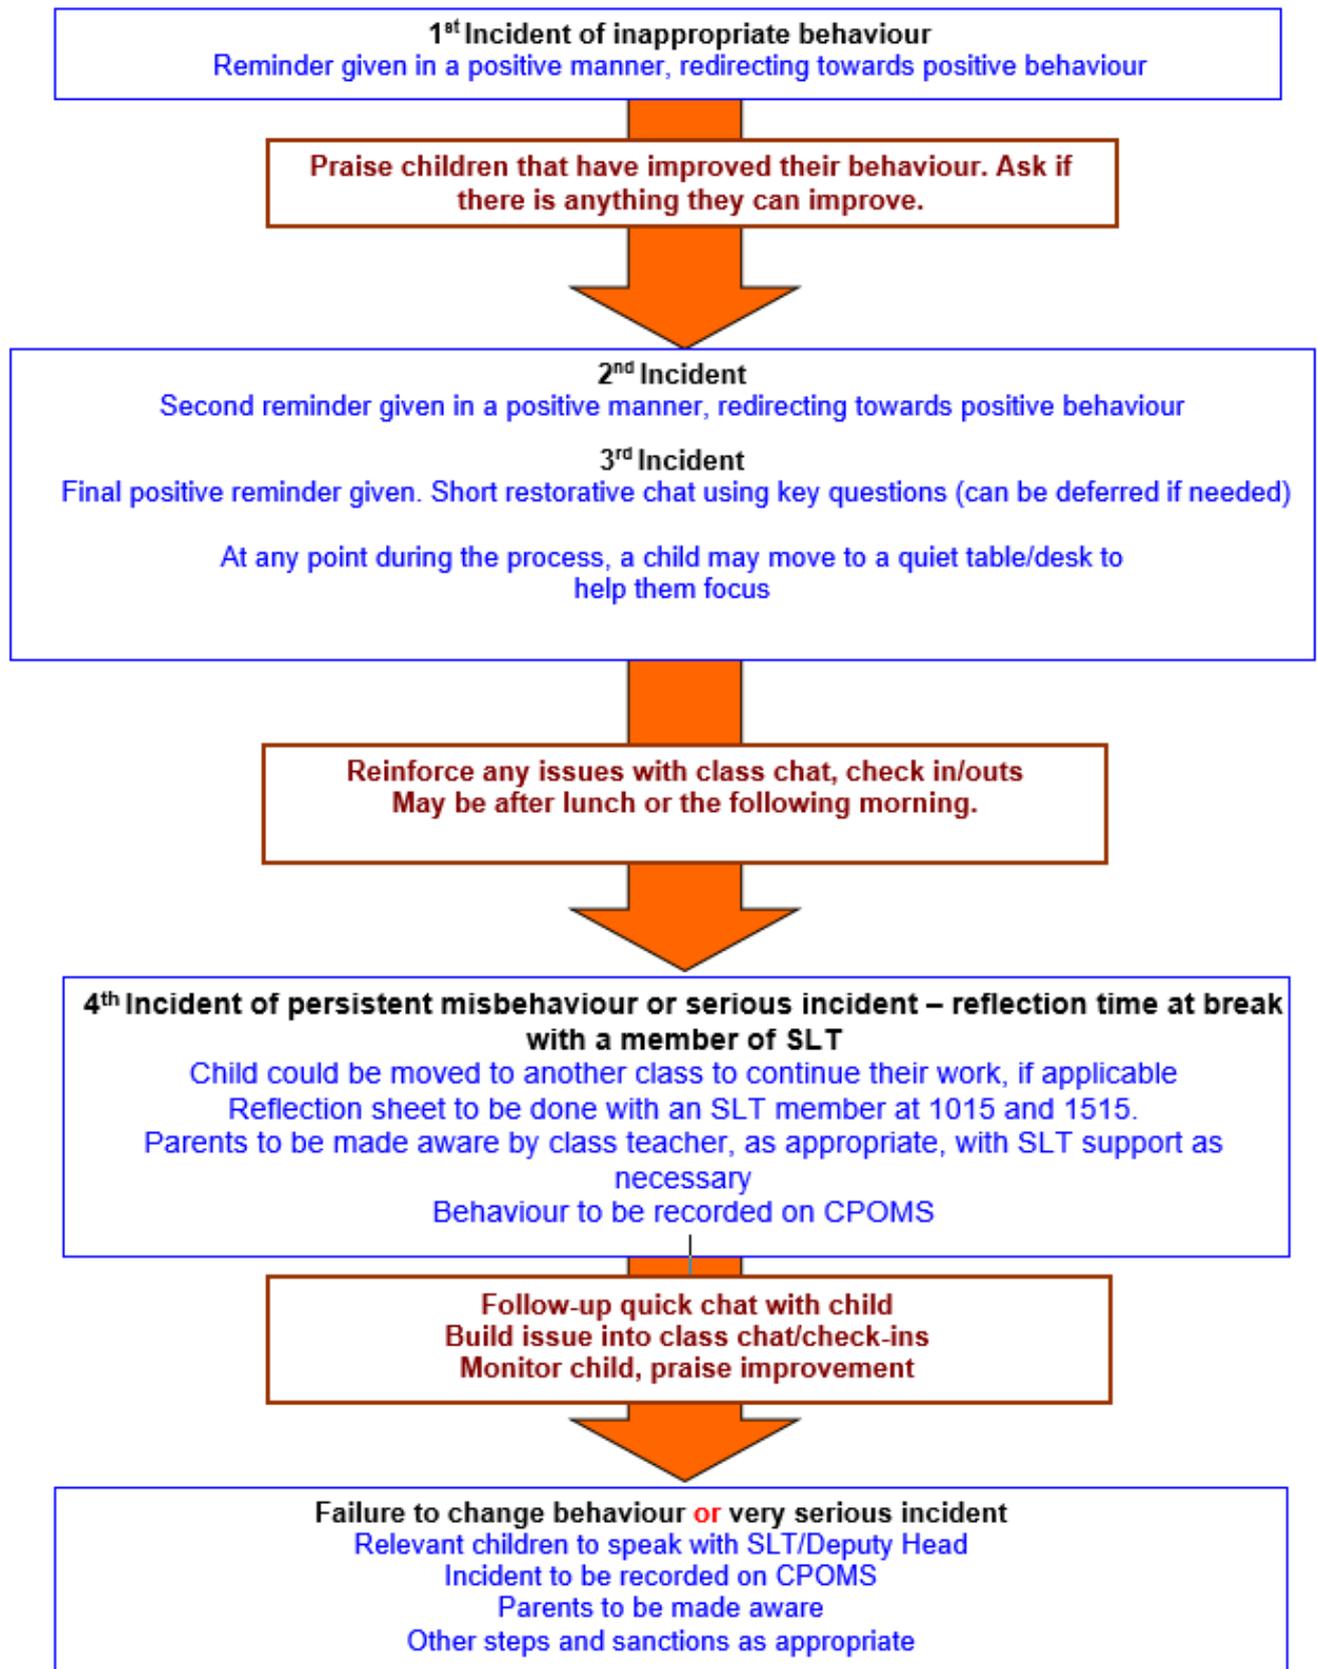

In addition, this policy is based on:

- Section 175 of the [Education Act 2002](#), which outlines a school's duty to safeguard and promote the welfare of its pupils
- Sections 88 to 94 of the [Education and Inspections Act 2006](#), which requires schools to regulate pupils' behaviour and publish a behaviour policy and written statement of behaviour principles, and give schools the authority to confiscate pupils' property

### **Appendix 1:**

## The Behaviour Management Process

## Appendix 2: Rights-Respecting Language Around School

"We should all feel safe at all times."

"Everybody has the right to play."

"In this school, we all show respect for one another."

"We respect other people's differences."

"We keep our hands and legs to ourselves."

"We respect other people's thoughts, ideas and opinions."

"Are you respecting the right of others to learn?"

"We show kindness and understanding towards others."

"Running on the corridor is not keeping you or other children safe."

"What do you think should happen now?"

"Please tell me how he/she would feel if you behave like that towards them?"

"Respect people's privacy and personal space."

"Accept that when a child says NO, they mean no."

"Every child has the right to an education and you are stopping other children from learning."

"Treat others as you wish to be treated."

PLAY - "It would be really kind if you could include..."

"Listen calmly and respectfully to one another."

### USING RIGHTS IN A POSITIVE WAY

"Well done for walking so sensibly. You are helping to keep everyone safe."

Children working collaboratively – "You are helping to teach each other."

"You have expressed your opinion very clearly."

"I really value your opinion but does anyone think differently?"

### Appendix 3: Examples of Misbehaviour and Serious Misbehaviour
