Message from our Head o<u>f School</u>

Dear Parents and Carers,

Well done to Year Six for their positive attitude, 100% focus and attendance during SATs week, and the rest of the school's behaviour was very considerate; quietly moving around the school so they had peace and quiet to concentrate and do their very best.

Year Four enjoyed learning how to cycle safety on the roads with Bikeability this week, the enthusiastic pupils in Ma class said they learnt how to stop safely, change gears for the first time and cycle using one hand!

Have a good weekend.

Year 4 enjoyed the sunshine and St Michael's gardens this week while studying invertebrates. The children found ants, woodlice, centipedes, slugs, snails, beetles, caterpillars and worms, and brought them back to the classroom to study and draw with the help of some magnifying glasses.

The children used IT skills to research all of the different parts of the animals and were able to label their drawings before releasing the bugs back outside.

> DID YOU KNOW WOODLICE ARE ACTUALLY CRUSTACEANS, JUST LIKE CRABS AND LOBSTERS?

Early Years is

In the Early Years playground you might spot some beautiful, brightly coloured blooms. The children (and Miss Sampson) worked really hard to plant these flowers back in November and have nurtured them ever since.

The children have loved seeing them grow and are really proud of their work.

YEAR 4 GET ON THEIR BIKES

Year 4 had Bikeability sessions this week, and learnt lots of new skills and safety tips they can put into practice when riding their bikes.

How to Help Children **Overcome Fear and Anger**

Saskia Joss

Parent Talk

After the success of our last two Parent Talks, Saskia will join us again to provide us with some more insightful knowledge. The talk will detail how you can help children to overcome fear and anger using simple techniques that are really effective. Saskia will talk about the theory behind fear and anger, helping us to understand the root cause and how we can support our children.
